#### Custom Thank You Video specs:

- Video Format – .flv, avi, or mov - provide as one high quality video file
- Video Size – 640x480 minimum, widescreen or full screen. Height must be at least 480 px
- Frame Rate – 30fps
- Audio – 22k Stereo with good volume since we do not adjust the volume
- Final video should be under 2.5 minutes long
- Captions and photos will be adjusted to follow the new video. The color of the video's background will be stitched seamlessly into docuPAD's background. Gray looks best (see example below.)
- Text: Optional – Display the dealership name, hours of operation, phone number, or other contact information on the screen while the video plays. Text does not change during the video under this option and remains on the screen for the duration of the video. *Note: Text is not required.*
- Background Photo – A custom background photo or graphic may be used behind the video. The image should be a horizontal .jpg or .png and be 1200 px or wider. The photo will be blended into the background as shown here and remain on the screen for the duration of the video
